Risk in Education Conference

Student Success and Outside the Classroom Learning

Who, What, Why

If you are responsible for the development, delivery, or supervision of outside the classroom learning, you will want to attend this conference. Educators, school administrators, educational associations, industry experts, and service providers are coming together to discuss critical issues facing every experiential learning program in Canada.

Stay up-to-date with industry standards and best practices. As someone with a vested interest in planning learning activities that take place outside the traditional classroom setting, you will also benefit from the opportunity to network and exchange ideas with colleagues and industry experts.

"I just wanted to say that I thoroughly enjoyed the conference; it was an eye-opener and a great opportunity to network with the industry's best." - Karen Oljemark, College Professor, Montreal, QC

"Meeting with such a vast number of experts in varying fields not only provided me with the opportunity to find resources and make contacts with professionals, but also renewed my appreciation of the importance of Outdoor Education." - Maria Maccarone, High School Teacher, Barrie, ON

"I found the people that attended the conference to be a cut above the average. If the nation's youth are in the hands of the people that I met, we are in good shape." - Scott Conrod, School Director, Montreal, QC

Wilderness Tours Resort

The 2010 Risk in Education Conference will take place at the Wilderness Tours outdoor resort, located near Beachburg, ON, about 2 hours from Ottawa. Wilderness Tours is a full-featured resort including: hearty, wholesome food with vegetarian alternatives at each meal, and licensed dining; cozy accommodations and scenic campsites; indoor lounge with pool tables and two fireplaces; heated sports pool and 2 large hot tubs; and a large sun deck.

Workshop Series

Specialist High Skills Major (SHSM)
Exploring risk management issues related to Ontario's SHSM Program.

Looking Beyond
Learning from organizations outside the education community.

Integrated Risk Management
Taking the RM discussion to the next level by focusing on exploring specific topics in detail.

Core Competencies
Risk management 101 - risk-related topics everyone needs to know.

Specialist High Skills Major (SHSM) \$250 Bursary – see website for details. Apply Now!
